

Hawai'i Annual Code Challenge

PURPOSE

To engage the local tech community in the modernization of Hawai'i state government, Gov. David Ige and the Office of Enterprise Technology Services (ETS) will host the Hawai'i Annual Code Challenge (HACC) from August 27 to September 24, 2016.

A first of its kind in Hawai'i, HACC will bring local talent together to craft innovative solutions for enhanced government services to the public. The event will also provide opportunities for students to network and show off their skills to the public and private sector professional communities.

DETAILS

Kickoff Location:

Aloha Tower Marketplace
Multipurpose Room 3
