## DEVELOPMENT PLATFORMS & SOFTWARE

> Reminder: All teams must request a GitHub repository with a team name & member handles.

### SALESFORCE

https://developer.salesforce.com/signup

Anyone can sign up for a free developer org/instance that has two user licenses associated with it. Visit the Learning Management site, Trailhead: https://trailhead.salesforce.com

### ADOBE

Details on software license promotion will be available soon. See Slack for updates.

### AIRSHIP CMS

https://airshipcms.io/hacc-2017

Involve non-technical people on your team! A CMS helps non-technical people manage content and data on your application, so that developers can code while others work to contribute content! Also see more resources for hackathons at https://airshipcms.io/hackathons
