HACC Challenge

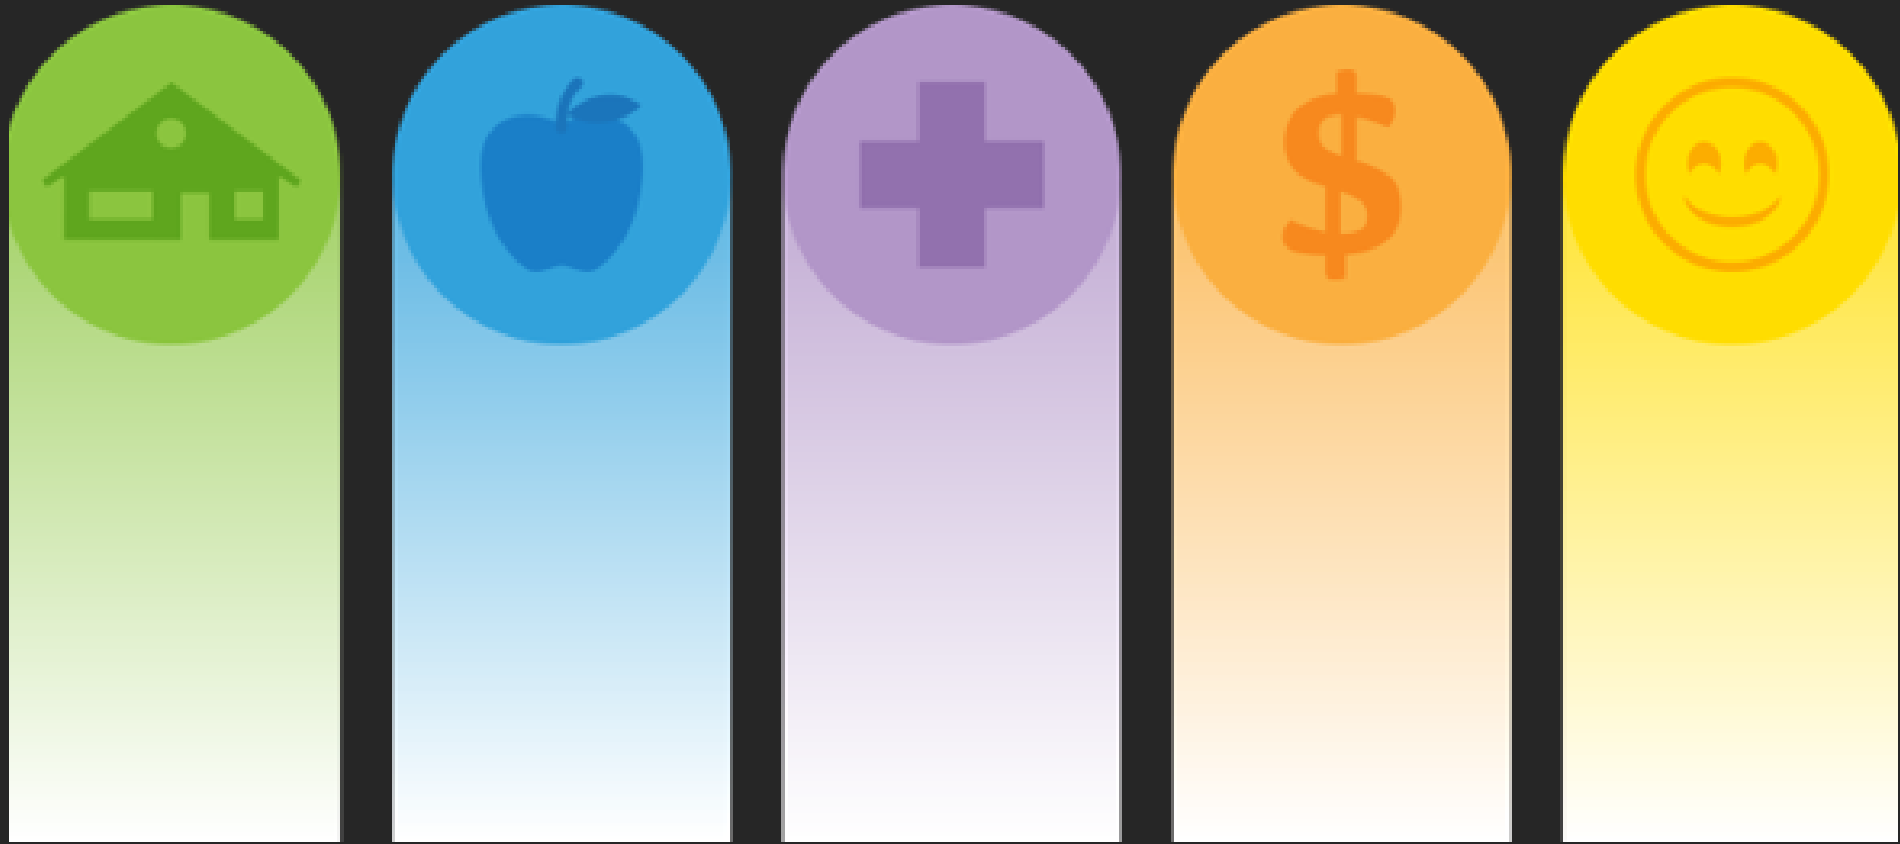

October 24, 2020

We are a cross-sector collaborative dedicated to making Hawaii a place where our residents can thrive.

**The
Problem:**

**We have a
disconnect.**

When we're **disconnected**,
families may not get all the help they need.

**Together, our work
reaches every family in
Hawaii.**

From keiki to kupuna, prenatal to end-of-life, we help families and individuals going through some of their most trying times.

More Choices For Your Healthcare

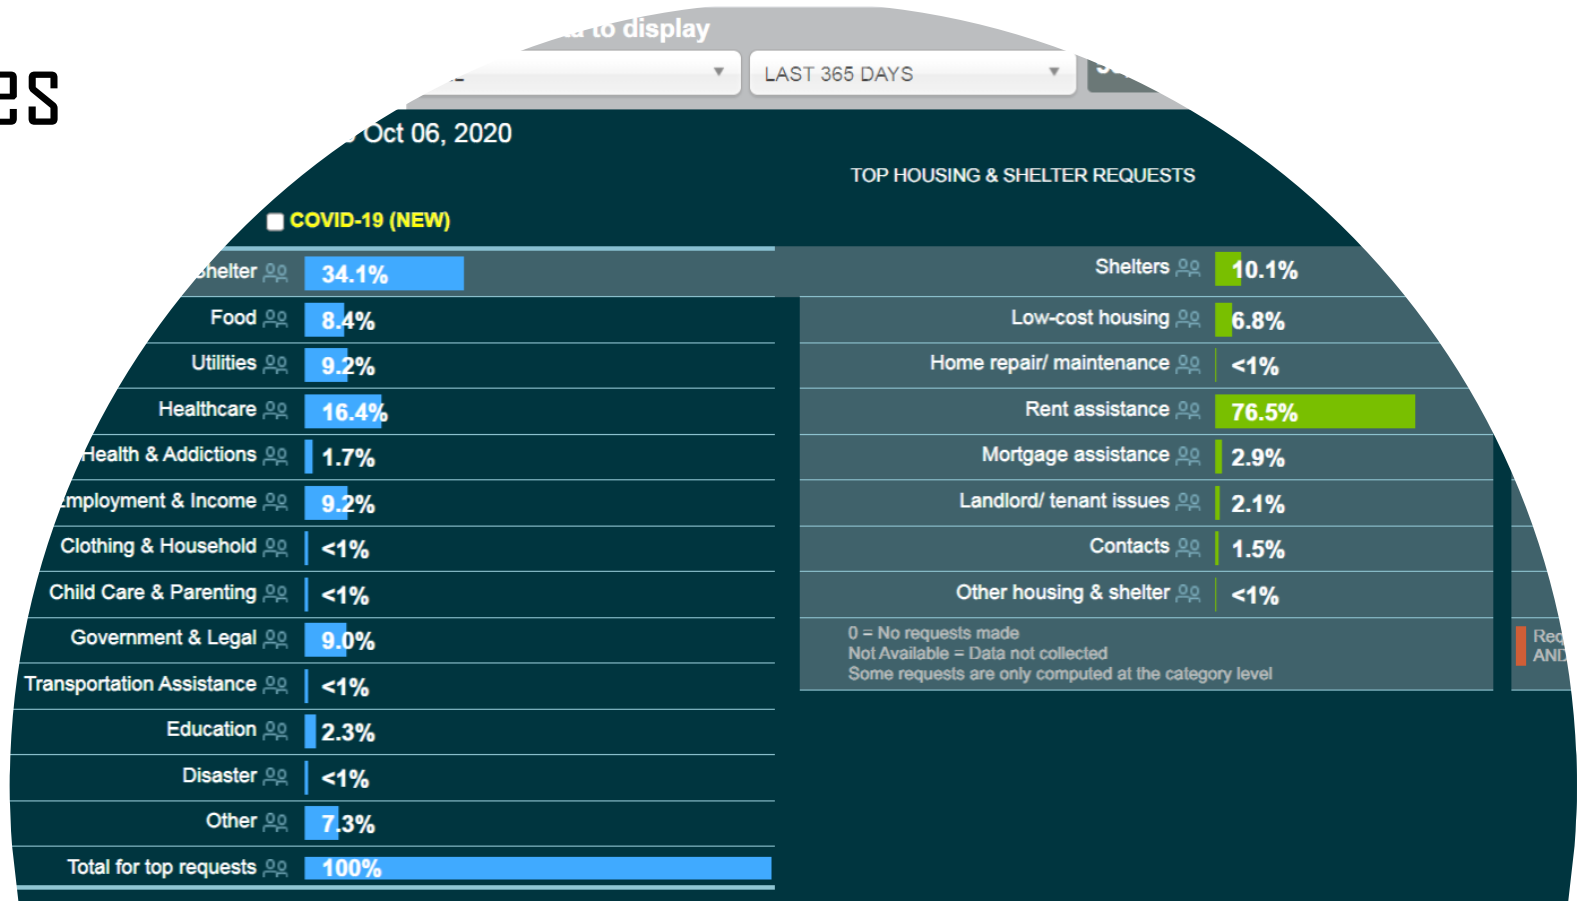

**We help residents best
when we **connect** them
with the services and
programs they need
most.**

It's not just about **connecting** to services and programs.

It's also about understanding that families' needs are **connected**.

Michelle's Story

Families often come to us for one program.

But, imagine if we could **connect** families to all the programs that could help.

With a resource app,
we can **connect** so
that families are
connected to the
help they really
need.
